

CRStar Insights

Iowa State Specific Fields

Beginning with 2024 cases, the Iowa State Central Registry is requesting abstractors code 5 state specific fields which will be located on the State Specific screen within an abstract in CRStar.

State Specific Fields

The 5 specific fields that will need to be coded are:

- Height
- Weight
- Height and Weight Date
- Alcohol History
- Tobacco History

The screenshot shows a form with the following fields:

Height:	<input type="text"/>
Weight:	<input type="text"/>
Height and Weight Date:	<input type="text" value="mm/dd/yyyy"/>
Alcohol History:	<input type="text"/> ▼
Tobacco History:	<input type="text"/> ▼

These data items will appear on the State Specific screen within an abstract.

Note: If the State Specific screen is not visible in CRStar, a system administrator will need to enable the screen by setting the screen to “Allow” in the User Security section under System Administration > Security Maintenance.

State Specific Field Index Numbers

Below are the FINs that can be used to capture these fields in reports as needed.

3623 – CER Height

3624 – CER Weight

4598 – IA Height and Weight Date

4599 – IA Alcohol History

4600 – IA Tobacco History
