Enhancements & Corrections

June 26, 2025

Enhancements

- The Audit Logs have been updated to capture recently added fields and patient/case views.
- The Support Portal button located in the Help menu has been updated to the new support URL – <https://healthcatalyst.atlassian.net/servicedesk/customer/portal/125>
- The following states now have the v25 state export available: **AZ, GA, IL, IN, MO, MT, NJ, NY, PA, TN, WA, and WI.**

Corrections

- The Treatment by Facility report has been corrected to display the hospital tallies accurately.
- A correction was made to the Workflow Navigator to update correctly when you have a username longer than 20 characters.
- Corrections were made to TextPad functionality; TextPad will refocus when clicked on and changes are appropriately saved.
- The Quality Measures report has been corrected to display the measure results accurately.
- “Date last modified by initials” has been corrected to update the changes accurately.
